

## Playa Hermosa, Costa Rica

Costa Rica is an extremely safe and stable country. The language is Spanish. Credit cards as well as US dollars are accepted at a majority of restaurants and shops around the Hermosa Palms area. However, make sure you notify your bank before you depart to release international purchases. We recommend bringing between \$1000 cash for personal use, this is just a suggestion and in no way required.

Most adventures take place only a short drive from Casa Rojo. You have the option of being picked up by the outfitter or if you have rented a vehicle or have a driver, we will provide you with directions.
