

Cell Phone Information

Cell phone service is readily available in Costa Rica, however it is expensive to use your US cell phone. Wi-Fi is available at every Villa. Please contact your cell phone provider to check your current rates for international travel. All US cell phone providers offer international plans and data packages.

Bank Information

Most places in Costa Rica accept credit/debit cards or US dollars. Please make sure to contact your bank to inform them of your travel plans and where you will be traveling to. Unless your credit and debit cards are authorized for international travel, it is common they will not work due to fraud monitoring control.

We recommend bringing cash with you. The amount is up to you, but we recommend at least \$1000.
